

International Conference on Geosciences for Achieving Sustainable Development Goals (ICGSDG) 14-15 November, 2025

Organizer: Faculty of Geosciences, University of Rajshahi, Bangladesh

The International Conference on Geosciences for Achieving Sustainable Development Goals (ICGSDG) brings together researchers, policymakers, and professionals to explore innovative geoscience-based solutions for resource management and environmental challenges. The conference highlights the vital role of geosciences in managing natural resources, addressing climate change, enhancing ecosystem resilience, and promoting sustainability.

ICGSDG aims to foster scientific ideas that collaborative efforts focused on understanding, monitoring, protecting, managing, and restoring the natural environment in alignment with the SDGs.

Important Dates:

Conference Date: 14-15 November, 2025

Abstract Submission Opens: 1 May, 2025

**Abstract Submission Deadline is Extended:
15 August, 2025**

Abstract Acceptance Notification: 15 September, 2025

Registration Start: 15 October, 2025

Paper Submitted to: icgsdg2025@ru.ac.bd

Organizing Secretary:

Professor Dr. Md. Mizanoor Rahman
Department of Geography and Environmental Studies
University of Rajshahi
email: mizangeo@ru.ac.bd
Cell: +8801712 166325

Convenor:

Professor Dr. A.H.M. Selim Reza
Dean
Faculty of Geosciences
and
Professor, Department of Geology and Mining
University of Rajshahi

Scientific Themes :

- Sedimentology and Stratigraphy
- Petroleum Geology
- Climate Change
- Earth Processes and Ecosystem
- Water Resource Management
- Georesource Exploration and Mining
- Geospatial Techniques and Earth Observation
- Urbanization, Infrastructure and Human Mobility
- Geoheritage, Geoparks and Conservation
- Agriculture, Food Security and Land Use
- Environmental Governance and Equity
- Marine Geosciences and Blue Economy
- Petrology, Mineralogy, and Geochemistry
- Geohazards and Disaster Management

 SUSTAINABLE DEVELOPMENT GOALS
